TRIAGE HEALTH

Community Health Worker Training

Insurance & Finances 101

This free training is for community health workers, patient navigators, advocates, promotores, and other front line and community public health workers.

Get answers to questions people don't know to ask, but everyone should know!

Topics:

- Tips for choosing and using health insurance
- Taking time off to access health care
- Accessing disability insurance
- Ways to manage medical bills
- Latest changes to insurance

Tuesday, October 27

10am-2:30pm CT

Register: TriageCancer.org/CHW-Training

Continuing education certificates are available for community health workers in attendance. Members of the Massachusetts Association of Community Health Workers, North Carolina Community Health Worker Association, and Pennsylvania Community Health Worker Collaborative are eligible to receive continuing education credit.
